

executer_004::operator()

```
graph LR; A[executer_004::operator()] --> B[tnct::lib::alg::exec_sync]
```

A diagram showing a call from the function `executer_004::operator()` to the function `tnct::lib::alg::exec_sync`. The first function is in a grey box, and the second is in a white box, connected by a blue arrow.

tnct::lib::alg::exec_sync
